

Call for Nominations Non-small Cell Lung Cancer Education Curriculum Design Work Group

Deadline: April 18, 2011, 5:00 PM CT

The ACCP is issuing this Call for Nominations to obtain NSCLC expertise for the **NSCLC Education Curriculum Design Work Group** to identify and develop educational interventions for the NSCLC Part II and Part IV performance improvement module and regional programs.

Nominations are due by **Monday, April 18, 2011, at 5:00 PM CT**. Please send nominations to Jeff Maitland at jmaitland@chestnet.org or fax to (847) 498-5460.

Work Group Responsibilities

1. Standardize curriculum, including planning the content to be delivered that address indicators being measured in the ACCP MOC IV product.
2. Design pretest and posttest knowledge assessments for each educational activity.
3. Design confidence and self assessment tools.
4. Collaborate with the AQUIRE Module Work Group to identify gaps in knowledge and practice.
5. Develop, design, and collect pretests, confidence ratings, and practice data.
6. Design curriculum for regional summits.

Eligibility Criteria

All members of the work groups are required to be practicing clinicians who diagnose or treat patients with NSCLC. Additionally, members must possess expertise in one or more of the following areas, either in their local institutions or regional/national organizations:

- Data utilization/management background, with expertise in epidemiology or biostatistics, or comparable knowledge
- Data usage as it relates to quality improvement, policy development, and practice change
- Utilization of a clinical registry for research purposes
- Author of any relevant evidence-based clinical practice guidelines
- Ability to identify pilot sites for registry testing
- Formal education or experience in knowledge transfer in physicians, adult learning principles, or methodology toward the development of a medical education curriculum
- Experience in learning-based curriculum related to measuring outcomes in physicians' clinical practice or patient outcomes
- Experience in educating physicians in evidence-based medicine for purposes of implementing guideline recommendations
- Design and execution of medical education teaching and/or faculty development
- Preferable that nominees be ACCP or ASCP members

Applicants should be willing to spend up to 3 hours per month, for approximately 1 year, participating in the project work.

All nominees must submit:

- Completed NIH biosketch or CV (maximum 10 pages). The nominee may also complete the Educational Resources Biosketch in lieu of submitting their NIH biosketch or CV.
- Statement of commitment and purpose (500 words or less)
 - History of work, which addresses the eligibility criteria outlined above.
 - Statement of willingness to participate in up to one conference call per month and spend up to 10 hours/month on committee work for approximately 1 year.
