CHEST PUBLICATIONS

CHEST Journal • CHEST e-Books

Connect your users to more relevant reading on the new CHEST Publications site, featuring upgrades busy health-care professionals want:

USER-FOCUSED DESIGN

- Dynamic home page allows at-a-glance access to the latest content from *CHEST* and CHEST books
- Tabbed article views, with sections for the full article, figures, tables, references, and supplemental material
- Figure carousel viewer offers a quick scan of all figures at the beginning of each article
- Easy access to *CHEST* podcasts from the home page or through the podcast area

BROWSING OPTIONS

- Dedicated navigation for easy access to ACCP clinical practice guidelines and consensus statements
- Topic collections by subject areas relevant to medical professions, such as antithrombotic therapy, COPD, critical care, lung cancer, and sleep medicine

SEARCH POWER

- Results from *CHEST* and CHEST book content
- Filters to narrow results by topic, article type, and year of publication

PERSONALIZATION

- e-Mail alerts to new issues, Online First articles, article changes, new articles in relevant subject areas, and more
- Article recommendations to related content in *CHEST* and PubMed
- Guideline recommendations from National Guidelines Clearinghouse

iOS APP ACCESS

- Searchable access to the complete *CHEST* archive
- Special section for guidelines
- Ability to play *CHEST* podcasts
- More functionality to be added this year

MOBILE ACCESS

- Site optimization for mobile access from any device
- NEW! Mobile access to CHEST e-books
- Ability for users to create a free account allowing mobile access for up to 90 days (usage reflected in COUNTER reports)

CHEST PUBLICATIONS

CHEST JOURNAL ON CHEST PUBLICATIONS: ACCESS TO EVERYTHING

journal.publications.chestnet.org

Users can access the complete *CHEST* archive, dating back to 1935, at no additional charge to the subscribing institution. And, the new site is optimized for mobile access from any device, with a free app available for iOS devices. Plus, all mobile usage is tracked and included in COUNTER reports.

The diverse audience includes medical professionals specializing in pulmonology, critical care, sleep medicine, thoracic surgery, and cardiorespiratory interactions, as well as internists, family physicians, nurses, respiratory therapists, and home-care professionals who treat patients with chest-related diseases.

Additional print* (12 issues)	\$72	\$120	

*Print only subscriptions are not available.

- Volume 143, Issues 1-6: January through June 2013;
- Volume 144, Issues 1-6: July through December 2013.
- New subscriptions start with the January issue of the current year unless requested otherwise.
- Expired subscriptions can be back-started up to 12 months upon request. A subscription ends at expiration unless renewal is paid 1 month prior to expiration.
- All subscriptions are payable in advance, in US dollars (USD), drawn on a US Bank. VISA, MasterCard, American Express, Discover, and Diners Card are also accepted. Please add appropriate sales, GST/HST, and VAT taxes.
- **Orders from agents must include complete end-user information to verify type of institution plus the name and e-mail address of the account administrator. Orders without this information will not be processed until the required information is provided.**
- The publisher offers a \$10 (USD) discount on each paid subscription received from recognized subscription agents. This discount is not offered on consortia orders.
- Cancellation requests must be received in writing within 90 days of the subscription purchase date to receive the prorated refund, less a 10% cancellation fee. Refunds will not be given after the 90-day cancellation period expires.
- Additional print copies are available to institutions that have a current print/online subscription and will carry the same expiration date.
- Rates are in effect immediately and until further notice.

To subscribe or request a quote, contact subscriptions@chestnet.org.

2013 Tiered Subscription Rate Key

Type of institution	Tier
Academic	
Community or technical college (Associates level, 2-year degree)	2
