### CHEST 2023 PROGRAM

### Schedule at a Glance

### **SUNDAY, October 8**

Meeting Hours **Opening Session & Keynote Address** Welcome Reception

7 ам – 5:15 рм 3:15 рм - 5:15 рм 5:15 рм - 8 рм

7:15 ам – 4 рм

4 PM - 5 PM

9:30 AM - 3:30 PM

12:45 рм - 2:15 рм

Sponsored by Viatris and Theravance Biopharma

VIATRIS Theravance

### **MONDAY, October 9**

Meeting Hours **Exhibit Hall** Women in Chest Medicine Luncheon Networks Mixer

### **TUESDAY, October 10**

Meeting Hours Exhibit Hall **CHEST After Hours** 'Ohana Mixer **CHEST** Challenge Championship

### WEDNESDAY, October 11

Meeting Hours Exhibit Hall

7:15 ам - 2:45 рм 9:30 AM - 2 PM 3 pm - 5 pm 6 рм – 7 рм 7:30 рм - 8:45 рм

7:15 ам - 2 рм 9:30 AM - 1 PM

**CHEST 2023** provides not just opportunities to learn facts, methods in your discipline but a chance to interact on a personal level with providers from around the globe and master clinicians who are not always available

Amy E. Morris, MD, FCCP

310			Practice-Changing Research in Critical Care Presented by the CHEST® Journal	-	Critical Care Year in Review – I	
311	All That Wheezes Is Not Asthma: A Case- Based Approach		Sarcoidosis: Diagnosing and Managing Pulmonary, Endobronchial, and Cardiac Manifestations		Nuances of Patient Inhaler Device Use: Hands-on, Video Case-Based Learning	
312	Case Studies in Difficult Airway Management		Initiating Long-Term Home Noninvasive Ventilation in the ICU		Treatment of Cystic Fibrosis in the Age of CFTR Modulators	
313A	Telomeres and Interstitial Lung Disease: What Do We Need to Know?		Oncological Critical Care		Use of Telemedicine for Asthma and COPD Self-Management Among Underserved Populations	
313B			Management of Nonmalignant Pleural Effusion		Digging Into PAP Download Data: A Case- Based Session	
313C	My Patient Has Pulmonary Hypertension: What's Next?		Updates in Pediatric Pulmonology: Year in Review (Asthma, Sleep, CF, Muscular Dystrophies/SMA)		Women and Lung Disease: Sex-Distinct Care	
314	Sleep Medicine Year in Review: Update on Respiratory Sleep Disorders 2023		Shifting to Hawai`i: Jet Lag, Shift Workers, and Sleep for Health Care Providers		From Home Ventilation to Ambulatory Critical Care: Changing Paradigms in Chronic Respiratory Failure	
315	Eosinophilic Lung Diseases: Current Knowledge and Future Directions		SMART Therapy and Allergy Immunotherapy in GINA/EPR-4 Guidelines for Asthma Contro Pros and Cons		Tracheostomy in the ICU: From Beginning to End	
316B	Difficult Titrations: Working With Technologists in Between Science and Art		Rare Air: High Altitude Pathophysiology, Syndromes, Transport, and Management		Controversies in Cardiac Resuscitation Management: An Interactive Case-Based Discussion	
3160	The Intersection Between End-of-Life Care, Professional Burnout, and Team Engagement in Critical Care		Beyond the Individual: Team Cognition in Critical Care: An APCCMPD and CHEST Clinicians Educator Forum		Getting Beyond 'Read More': A Faculty Development Workshop on Narrative Assessment – An APCCMPD and CHEST Clinicians Educator Forum	
317A	This Is Our Lane: The Necessity of the Clinician Voice in Advocacy		Lung Cancer Screening, Diagnosis and Staging		Occupational and Environmental Lung: Challenges of High-Risk Occupations	
317B	Integration of APPs in the ICU: A Pro-Con Debate on APP Nonclinical Roles		New Insights Into Management of Obstructive Lung Disease		New Diagnostic Tools and Treatments in OSA in Adults and Children	
320	Heart Failure With Preserved Ejection Fraction: A New Pandemic That Is Staying Forever		Controversies in Fluid and Pressor Use in Critically III Patients		Lung Cancer in 2023: Shining a Light on Enduring Disparities	
322AI	Problem-Based Learning 2023: Case-Based Radiology Series on ILD – An Interactive Session		Problem-Based Learning 2023: Difficult Interstitial Lung Disease Cases		Problem-Based Learning 2023: Nonresolving Pneumonia	
323A	Multidisciplinary Management of Mediastinal Masses		Insights into Shock		Medications and Therapies in the ICU	
323B	Challenges in Management of Obstetric Emergencies in the Critical Care Setting		Chest Infections COVID 19: Adding Salt to th Wound	e	Diffuse Lung Disease: Emerging Biomarkers and Assessment Tools	
3230	Thomas L. Petty, MD, Master FCCP Endowed Memorial Lecture: COPD: A New Diagnostic Paradigm		Presidential Honor Lecture: Bronchiectasis: / Resurgent Disease	۱.	Novel Insights into Diagnosis of Pulmonary Hypertension	
324	What's New in Non-CF Bronchiectasis and NTM Lung Disease – A World Bronchiectasis Session		Hot Topics in Treatment of Central Sleep Apnea		Advances in Diagnosis and Treatment of Tuberculosis Disease	
					SIMULATION EBUS-Based Mediastinal Anatomy – Nodes, Vessels, and Landmarks	
			<mark>8:45 ам – 10:45 ам S</mark> Bronchoscopic Eval		nagement of Persistent Air Leaks	
E					9:30 am - 11:30 am SIMULATION	
3allroo					Who Needs Sedation Anyway? – Patient-Ventili Dyssynchrony	ator
Kalākaua Ballroom					Advanced Critical Care Echocardiography ECMO: When to Start, When to Stop, and Every	thing

10:45 ам – 11:45 ам	11:45 ам - 12 рм	12 рм – 1:15 рм	1:15 рм – 1:30 рм	1:30 рм – 2:30 рм		
Critical Care Year in Review – II				Key Revisions To GOLD 2023: What Are The Clinical Impacts?	310	
Learning Ventilator Graphics by Altering Test Lung/Ventilator Settings				Comprehensive Approach to Cystic Lung Diseases	311	Sunday's Featured
Controversies in Asthma-COPD Overlap: A Pro-Con Debate		LUNCH SYMPOSIUM Understanding the Changing Treatment Landscape of Severe Asthma		Acute Right Ventricular Failure Management: Different Training, Different Approaches	312	Events
Advances in Pediatric Care and Transition of Care: Year in Review				The Power of Narrative Medicine	313A	Opening
Overcoming Chronic Lung Allograft Dysfunction: Update on Risk Factors, Detection, and Treatment				Obesity Hypoventilation Syndrome: Case-Based Accounts of Outpatient and Inpatient Management	313B	Session
Lung Cancer in Idiopathic Pulmonary Fibrosis and Lung Transplant: Diagnostic and Therapeutic Dilemmas				Unveiling the Future of Lung Cancer Care: Breakthroughs in Adjuvant Therapy and Sublobar Resection	313C	Hilton Hawaiian Village, Coral Ballroom 3:15 pm – 5:15 pm
A Systematic Approach to Bronchiolitis or Bronchiolar Disorders				Survivorship in Patients With Lung Cancer: Patient Needs and Available Interventions	314	
Pneumotoxicity: What You Need to Know About Medications and Lung Injury				Updates to the Asthma Diagnostic Toolbox: Bronchodilator Reversibility, FENO, and Oscillometry	315	
Respiratory Management of Patients With Neuromuscular Weakness: CHEST Clinical Practice Guideline				Pulmonary Rehabilitation: Nuts, Bolts and Lessons Learned	316B	
Use of Novel Technologies to Improve Clinical Training and Enhance Patient Safety: An APCCMPD and CHEST Clinician Educator Forum		LUNCH SYMPOSIUM Keeping Pace With Bronchiectasis Early Diagnosis, Management and Emerging Treatments		You Did What Where? – Evaluating the Critically III Febrile Traveler	316C	Cedric "Jamie" Rutland, MD, FCCP
Interventions for Cardiothoracic Abnormalities				A Systematic Approach to the Management of Massive Hemoptysis	317A	CHEST 2023 Keynote Speaker
Breathing Uneasy: Airway Infections				Fostering Strong Mentorship: An Interactive Discussion in Four Acts	317B	Also Featuring: CHEST Awards
Is This Really PAH? My Spidey Sense Is Tingling				Challenging NTM Cases	320	Convocation Ceremony
Meet the Professor 2023: Difficult Central Airway Obstruction Management					322AB	President's Address by Doreen J. Addrizzo-Harris, MD, FCCP
That Was Toxic to Your Lungs! Exposure Associated Lung Disease				Dial in to Telemedicine: New Perspectives	323A	Incoming President's Remarks by Jack Buckley,
Lung Pathology: Show and Tell				Call to Action: Healthcare Disparities in Pulmonary Vascular Disease	323B	MD, MPH, FCCP
Clinical Mimickers				Roger C. Bone Memorial Lecture in Critical Care: Honoring Lessons From the ICU: Carrying Forward Patient, Caregiver and Team Wisdom	323C	Welcome Reception
Community-Acquired Pneumonia: New Frontiers in the Oldest Disease				ALAT/CHEST: Current Challenges in the Management of Tuberculosis	324	Hilton Hawaiian Village, Great Lawn
				SIMULATION Airway Foreign Body Management		5:15 рм – 8 рм
<u>11 ам – 12 рм SIMULATION</u> Chest Tube Placement and Manage Bronchoscopic Management of Ble				Tunneled Indwelling Pleural Catheter: Placement, Management and Complications		
Can't Intubate, Can't Oxygenate: EGA and Cricothyrotomy for the Failed Airway		Ma Ca Ac	annula Oxygen cute Respiratory wake Intubatior	Have to Intubate: High-Flow Nasal Therapy and Noninvasive Ventilation for y Failure n in the ICU, Now Guideline-Based: This is	Kalākaua Ballroom	
Cardiopulmonary Exercise Testing With Focus on Test Performance and Interpretation			OT the Bronch S	uite	oom	Sponsored by Viatris and Theravance Biopharma
						VIATRIS <sup>-</sup> Theravance Biopharma
11 ам – 12 рм		12 рм – 1 рм 1	рм – <b>2</b> рм	2 рм – 2:30 рм	Room	

# **MONDAY, October 9**

	7:15 ам – 8:15 ам		8:30 AM - 9:30 AM	9:30 AM - 1	0:30 AM	10:30 ам – 11:30	AM
Room							
310	Preventing Complications in ICU Airway Management					From Intubation to E the Most Recent Lite	xtubation: A Review of rature
311	Status Asthmaticus From the ED to the ICU: A Choose Your Own Adventure Case-Based Review		Biologics in Airway Disorders: Emerging Data			Debates and Controv Shock: What to Do W Evidence?	versies in Cardiogenic Vith the Current
312	Herding Cats: Running Effective Rounds in the ICU		Severe ARDS: State-of-the-Art Management Strategies			Mock Multidisciplina Interstitial Lung Dise	ry Discussion in ases: To Biopsy or Not
313A	In the Age of Recalls, How Do I Manage These Other Devices?		And Sleep for All: Developing Effective Telesleep Across the United States				
313B	Margaret Pfrommer Endowed Memorial Lecture in Home-Based Mechanical Ventilation: Sleep-Disordered Breathing After Spinal Cord Injury		Best of <i>CHEST®</i> Journal: Chest Infections – Sex, Hearts, and NETs				norial Founders Lecture: d Highways Leading to a
313C	Diagnostic Challenges in OSA		Pneumothorax: Updates in Incidence, Management, and Treatment Options			Innovative Imaging T Lung Diseases	echniques for Interstitial
314	How to Handle the Com-PLEX-ity of Antibodies in Lung Transplantation		Insomnia! What to Do if You Do Not Have a Sleep Psychologist Available: A Case-Based Approach			POCUS Controversies	; in the ICU
315	Cardiopulmonary Exercise Testing Pearls: Case-Based Interactive Session		Pardon the Disruption 2023: Controversies in Critical Care Tournament of Champions			Are the Viruses Takin Respiratory Tract Infe	
316B	Debates on the Management of Massive Pulmonary Embolism: Cracking the Clot		Beyond Survival: Approaches to Optimize Critical Illness Recovery			ICU Management of Obstructive Lung Dis	
316C	Teaching Strategies for Supervising Bedside Procedures: Beyond "See One, Do One, Teach One"		Caught in the Cavity: Challenging Cases of Cavitary Lung Disease			Air Pollution and Hea and Smokestacks to Communities	· · · · · · · · · · · · · · · · · · ·
317A	Clean Air & Climate Advocacy for the Busy Clinician		Asthma and Allergy			Lung Cancer Treatme	ents
317B	Achieving Health Equity in Lung Cancer Screening		Teaching Methods After the Pandemic: Must Convert, Don't Revert			Pulmonary Physiolog 21st Century	gy: Exercise Testing in the
320	Advanced Topics in Nonrespiratory Critical Care: A Rapid-Fire Session		Pulmonary Vascular and Right Heart Imaging			Updates in Pleural Di	sease for 2023
322AE	Problem-Based Learning 2023: Mastering Biologics in Asthma		Meet the Professor 2023: Thoracic Surgery Interactive Cases – Assessing the Borderline Patient and Sublobar Resection				ning 2023: Advanced grapies and Noninvasive
323A	The Window Is Open: Multidisciplinary Considerations in Lung Cancer		Mechanical Ventilation: Beyond the Basics			Equitable Resource A Asthma	Allocation in COPD and
323B	Endemic Fungal Infections: State-of-the-Art Diagnosis and Treatment		Diffuse Lung Disease: Medications – Is It the Problem or the Solution?			Remove That Blockag or Blood	ge: Restoring Flow of Air
323C	ATS/CHEST Session: Advances in Bronchiectasis 2023		Women as Leaders in Chest Medicine: Journeys and Stories Along the Way			Organizing Pneumor Society Session	nia: A CHEST-Fleischner
324	Asthma, COPD, and Non-CF Bronchiectasis: A Breathtaking Review – Canadian Thoracic Society		Canadian Thoracic Society Honorary Lecture: Helping Kids Live Their Best Lives Using Respiratory Technology			Furthering Our Unde Dyspnea and NIV in N Canadian Thoracic So	Neuromuscular Disease –
	SIMULATION		SIMULATION			SIMULATION	
	Chest Tube Placement and Management		Tunneled Indwelling Pleural Catheter: Placement, Management and Complications			EBUS-Based Mediast Vessels, and Landma	inal Anatomy – Nodes, rks

### Tuesday Evening Events

Hilton Hawaiian Village, **Coral Ballroom** 7:30 рм - 8:45 рм

I love that there's a cadence that varies at the meeting. CHEST Challenge is a loud, very interactive, high-energy sort of event. And then CHEST After Hours is much more intimate, feels very personal—a quieter but still powerful event. There are different ways to network and meet people with shared interests."

Subani Chandra, MD, FCCP Chair, CHEST Training & Transitions Committee
