

**Name of Grant:** CHEST Foundation and American Thoracic Society Research Grant in COVID-19 and Diversity

**Application Deadline: Date Extension!** April 16, 2021

**Amount of Grant:** \$25,000 1-year grant

### **Research Proposal Focus**

Applications must address clinical (hospital or outpatient) or community-related aspects of COVID-19 that focus on an underrepresented minority (URM) patient group. Projects must also demonstrate how it will have a positive impact on the lung health of a community.

- URM patient groups include patients from lower-, middle-, and low-income countries as defined by the World Bank or the following North American populations: African-Americans, Mexican-Americans, Native Americans (American Indians, Alaska Natives, and native Hawaiians), Pacific Islanders, and mainland Puerto Ricans.
